Yes... If the property was covered by insurance, you need to first file with your insurance company. You may then file a damage claim with the Coast Guard for any damage or loss not covered by your insurer. You are responsible for repaying to the Coast Guard any amount you recover from your insurer that was paid to you by the Coast Guard.

4/ *Will I be reimbursed for the full replacement cost of the damaged or lost property?*

No... Claims are paid on the depreciated value of the cost of the damaged or lost personal property. The law imposes a maximum amount that can be paid to you. It also sets a maximum payment per claim for certain categories of property.

5/ *Should I buy private insurance?*

Yes...

Renter's Insurance:

Unless you purchase a policy that provides for full replacement value, you may receive the depreciated value of your damaged property.

Flood Insurance:

Unless you purchase a separate policy that provides coverage for flood damage, your renter's policy may not cover your damages caused by flooding or rising water.

Comprehensive Vehicle Insurance:

Unless you have comprehensive coverage on your vehicle, your Coast Guard claim may be capped at a payment of \$3000.
